

PROJECT MANAGER - EXHIBIT DESIGN FIRM

Your exhibit or agency experience has helped you to leverage your strong work ethic, exceptional client service ability and impeccable communication skills.

As a PM on our Account Management team you will work closely with Account Managers, clients, vendors and designers. This position requires a highly motivated individual who enjoys frequent business travel, has strong business acumen, and fantastic organizational skills, all while maintaining a positive, service-minded attitude. You must be able to problem-solve on the spot, while showing comfort with design, production and client service challenges. You are a detail oriented, hands-on person who can juggle priorities and last-minute deadlines.

You have at least two years experience with an exhibit house, agency, or similar client service organization. Training under an Account Manager will be a required component of the position, along with a working knowledge of both MAC and PC platforms.
