

**MYAT, Inc. & RSG Media Systems join forces with Hill & Partners
at NAB this April in Las Vegas**

Hill & Partners, Inc. earned two new exhibit opportunities at this year's National Association of Broadcasters, NAB, show in Las Vegas. These new client projects resulted from a new dedicated focus on the NAB show and the broadcast industry for Hill & Partners, Inc. "We've been working with clients at NAB for nearly fifteen years, and we're now looking to find like minded customers who need a partner that provides exceptional service, says Michael McMahon, President of Hill & Partners, Inc."

MYAT, a provider of rigid transmission line systems and components for over fifty years, needed a turnkey rental solution that would leverage their focus on quality and superior service. The H&P exhibit solution provides a perfect match for their needs.

RSG Media Systems designs innovative enterprise applications for major media and entertainment industry clients and other intellectual property owners. Their software products enable customers to more profitably manage the evolving media landscape. RSG also chose a turnkey rental solution as the perfect fit for their 20 x 30 debut at this year's show.

Hill & Partners, Inc. designs, produces and manages 3D branded environment programs for businesses participating in trade shows, events and other display oriented venues. H&P works with a variety of clients across many industries providing custom solutions for any challenge. Satisfied customers include: Candela Laser, Mountain Hardwear, Microwave Radio and GTECH Corporation.
